

It's that time again. The next Food Drive is Sunday, July 5th, on the 4th of July weekend, but hunger does not take a day off.

Please donate food to Monument Crisis Center for families and individuals that have been heavily impacted by Covid-19. Demand at MCC has increased by 300 percent over normal. Their food budget has exploded. Each \$1 donated equals \$4 of food. They are expanding their food distribution to 3 times a week and give to an average of 287 households per distribution day. They are so grateful for whatever you can donate.
