Lent is traditionally a period of study and preparation for living as a disciple of Jesus. These short forums are designed to draw you into reflecting on a salvation journey as you follow Jesus and lead you to virtually being there at the empty tomb with the women. This a time of preparation for you to turn to Jesus and embrace a new transforming life of love, liberation, and a call to go and transform the world as God would want. See Rev. Dr. Hillary Raining's discussion below at:

Table Discussion & Sharing

1. Tell a story about one of the Turning toys on your table.
2. What would you like to say to someone who might ask you about Lent?
3. How might you share your Faith with someone in distress during Lent?
4. What kinds of activities and study would make you a better disciple of Jesus?
5. Which of these 7 spiritual practices do you think would make you a better disciple of Jesus?
6. Lent is a not a time of giving up so much as a time turning or returning to God. What can help you to turn to God like a flower turns to the sun?
